PRESS RELEASE

Delta Top is happy to announce the release of the second album by Italian singer-songwriter Andrea Luciani entitled “57”. The album features 10 original songs in English with the typical acoustic sound born from the creativity of Andrea. Accompanied by musicians on this second album in the sounds of folk, blues and country, with whom he has shared a long ‘live’ artistic journey. Within the music you can hear a compositional line that has always characterised his music, with lyrics often linked to his life experiences.
